## Emergency Repair in the Rain

On May 6th, 2023 Foresthill repaired a leak on Green Ridge Drive close to the intersection of Oakwood Lane. This leak was reported by a customer who noticed water in the middle of the road. The repair of this leak was done within 9 hours. 6 services were affected and were interrupted for about 4 hours. Crew members are on call 24/7 for emergency maintenance and repairs. The crew didn't let the rain stop them from repairing this leak quickly and efficiently.

In the picture to the right, you will see an operator who is repairing the service saddle.

## When is the Best Time to Water?

Watering your yard in the morning is a great step toward water-efficient landscaping and will reduce monthly water consumption charges.

Watering early enough will reduce the effects of daytime evaporation, so you don't use more water.

Avoid watering your yard in the middle of the day so water can soak into the soil and be absorbed by the plants before it evaporates.

Using drip irrigation and a smart controller can prevent overwatering.
