Foresthill Partners With Cla-Val to Rebuild Important Infrastructure

Foresthill demonstrates how serious they are about making system improvements by teaming with Cla-Val to rebuild important components used to serve you water. Cla-Val is a world-leading designer and manufacturer of automatic control valves. Foresthill and Cla-Val are working together to rebuild important valves in the public water system that will ensure reliable water service for the community all year long. The valve rebuilds will be complete before spring/summer demands start to increase.

Paving Restoration

Foresthill Road Pipeline Replacement Projects paving restoration process will be starting soon. The project was put on hold due to weather concerns, paving plant availability, and to ensure we have quality paving on Foresthill Road. Thank you for cooperating during this important revitalization project.
